

I don't remember  
you taking swimming lessons.

I never did, but  
I don't have to because  
I have a pool at home  
in my backyard.

Just because you have a pool  
at home doesn't make you a great  
swimmer. It is important to  
learn to swim.

Wow Dommy, I didn't realize  
you knew so much about water  
safety. Thank you for teaching  
me all of the rules!

You're welcome!  
Water could be dangerous if you  
aren't safe, but if you follow these rules  
it could be fun!
